The third UrbanByNature (UbN) China webinar will proceed to STEP3/PRIORITISE of the UbN programme. The webinar will provide insights into the importance of stakeholder engagement in the planning of nature-based solutions (NBS). Speakers from Connecting Nature, CLEVER Cities and Chinese Cities will share their experiences in working with citizens and other stakeholder groups. They will present different approaches and methods of stakeholder engagement and showcase how they have been applied in practice to create more resilient, livable and equitable urban neighborhoods with the help of NBS.
