Webinar#5

Monitoring and Evaluation of Nature-based Solutions

UrbanByNature in China: a programme supported by [Connecting Nature](#) and [CLEVER Cities](#) and hosted by [CitiesWithNature](#)

Date: Wednesday, 12 January 2022

Time: 3.30-5.00 PM (BJT/CST), 8.30-10.00 AM (CET)

Platform: Zoom

Language: Chinese and English

Click [here](#) to register!

The fifth UrbanByNature (UbN) China webinar will focus on STEP6/MONITOR of the UbN programme. Speakers from Connecting Nature, CLEVER Cities and China will share their experiences in developing and using monitoring and evaluation tools and methods for nature-based solutions (NBS). They will discuss how to holistically measure NBS interventions and assess their impact, and how to iteratively use those measures to change and improve projects.

Opening remarks

Youde Tang, Program Manager, ICLEI East Asia Secretariat Beijing Office, China

Connecting Nature Impact Assessment Framework

David Tomé Lourido, Connecting Nature Coordinator of the NBS Impact Assessment Work Package; PostDoc Researcher, University of A Coruña, Spain

Place-based approach with an NBS lens to create a climate-adaptive community in Glasgow

Gillian Dick, Spatial Planning Manager, Research & Development, Glasgow City Council, UK

The UrbanByNature programme has received funding from the European Union's Horizon 2020 innovation action programme under grant agreements No 730222 & No 776604.
